

Hardly Working (M/F, M/M Erotic story)

Eddie thought he had it all; a good job working as a Mechanic, a boss and co-worker with the perfect scheme to get laid on the side, and then one day it all just smacked him square in the face! He didn't know if he was coming or going the day Brad entered the garage! When the past was forgotten, it only took one man and a trunk full of sexual paraphernalia to bring it all back to life! Eddie allowed Brad to take control of him and his life after learning of what they did when they were younger. And because of Brad, Eddie was saved from a fate that could have locked him away for many years. When you reach a point in your life - a crossroads of not realizing who and what you are - if you are gay or bi or only heterosexual, it helps to have friends to direct you.
