

## Frat House Bimbo (Feminization Sissification Erotica)

I felt like I was floating through the clouds, happier than I'd ever been in my life. No matter what happened next, I had learned something about myself that was worth more than a frat invitation or even my entire life at college. Finding Crystal was the best thing that had ever happened to me. Chris has led a sheltered life back on the farm. Now he's in the big city going to college and he's determined to not turn down new experiences. That pledge is tested when he discovers that initiation to a fraternity is going to require things he'd never imagined himself doing. What starts out as a bit of good-natured cross-dressing becomes a descent into a new persona. Crystal is a wild woman with an insatiable desire for the men around her. With every moment of pleasure, she finds herself less able to control the impulses and cravings that are building inside her. With her standing at the college hanging the balance, Crystal has to find a way to truly impress the men of the Alpha Kappa Phi fraternity. This story contains explicit depictions of sexual situations. All characters are fictional and at least 18 years of age. This story is intended for mature audiences.
