

## Apple Pro Training Series: Aperture 2

Fully updated for Aperture 2, this comprehensive book-DVD training combo starts with the basics of image management and takes you step by step all the way through Apertures powerful photo-editing, image-retouching, proofing, publishing, and archiving features. Aperture 2s new features are completely covered, including a new RAW-image processing engine, a streamlined interface, powerful new adjustment tools, and added integration with Mac OS X and other Apple products for instant web publishing and one-click portfolio syncing. Apple Pro Training Series: Aperture 2 delivers comprehensive training - the equivalent of a two-day course - in one project-based book. You'll learn time-saving techniques for sorting, ranking, and organizing images, effective methods for correcting and enhancing images, plus efficient ways to display images for client review, apply metadata, update your online portfolio automatically, and much more. Real-world exercises feature professional photography from a variety of genres, including photo-journalism, sports, wedding, commercial, and portraiture. All the files you need to complete the exercises are included on the DVD.
