

## Macromedia Fireworks MX: Digital Imaging for the Web

This broad list of titles is ideal for any course that includes graphic arts software and web development languages as part of the curriculum. Courses can be found in Computer Information Systems, Computer Science, and Fine Arts Departments, as well as Continuing Education, Journalism, and Media Studies. Written by educators, for educators, the Against the Clock series is the complete solution for courses in Graphic Multimedia or Web Design Software. The hands-on, project-based texts are packaged with resource CD-ROMs that contain all the files needed to create the step-by-step projects in the text. Instructor CD-ROMs include assessments, overhead presentation materials, and additional projects.
