

Its A Boy!: A Friendship Between A Young Father And His Uncle

Ben, a young and proud new father is visited by his step-uncle, his young wife having given birth early, while on a visit to Australia. The Uncle is not very sexually active and gets his thrills from Internet porn, while the young step-nephew, Ben, is thoroughly into sex with his wife and they spice it up with some porn. While Bens wife is away, he and his uncle share enjoyment of porn, His step-uncle becomes increasingly anxious about their separation and the effect that the lack of marital sex is having upon his step-nephew. He tries taking him to a prostitute, but it doesnt go well. Ben becomes more and more frustrated by his wifes absence and also longs to see his new baby son. Then Ben hears from his wife that she is not coming back from Australia and he is beside himself with grief. The reader can see where this is leading but the characters dont seem to! Excerpt: Oh, Uncle Jack. You understand what a man needs. Ben snuggled against my chest as if I could present him with feminine curves. He stood gently in my arms. Again I was struck by his wonderful, strong back. I stroked and caressed, wishing I were indeed his wife. Wishing I could welcome his eager erection, wishing I could give him satisfaction. End of excerpt. This is a short novel of about 48 printed pages, but like all Richard Peters novels it simmers with homoerotic teasing of the reader. The story looks at married men and their sex life, and is replete with homoerotic male nudity and delight in the male physique. The young hero is a blond straight man suffering from male sexual frustration. The attraction and possibility of inter-generational gay sex between uncle and nephew grows towards an inevitable, steamy climax. Richard Peters works, while containing explicit, gay, erotic porn descriptions never fail to move his readers emotionally. He has written many other homosexual romance novels, gay erotica

and short gay love stories. His favourite themes concern straight men being seduced by other straight, bisexual or gay men. He likes to investigate the sexuality of his characters, as he believes sexuality is not a simple black and white dichotomy (gay/straight). He believes there are many shades of grey in between.
