

Saving Babylon: The Heart of an Army Interrogator in Iraq

Saving Babylon is the gripping account of an Army interrogator in the Iraq War. Holton's techniques, honed over 34 years, got him inside the hearts of Iraqis. He dealt with the best and the worst of Iraqi society on a daily basis. He interrogated Iraqi generals, judges, political candidates, POWs and common crooks. He saw freedom take root. Holton saw more good being done than the media has ever published or broadcast. It's time Americans read that side of the story.
