

Lucky

God has given you a spirit with wings on which to soar into the spacious firmament of love and freedom. Monse is a 15 year old girl, who like other 30.000 Guides and Scouts shares the beginning of the year 1999 at the Jamboree. However she did not imagine that here she would start a journey that will mark her life forever. A journey full of obstacles and difficulties but also dozens of cities, hundreds of travels and thousands of experiences along the way. These 27 years of Guiding and Scouting are fused with a clear destination in life... Reuniting with Lucky. Compelling, emotive, but above all real, this first and perhaps only novel of Montserrat Sepúlveda Sanchez reaches the bottom of the heart, showing the variety of important experiences had by a girl, teenager and adult in the Guide and Scout movement.
