

Pocket Guide to Spirit Animals: Understanding Messages from Your Animal Spirit Guides

Following the publication of the popular and best-selling Animal Spirit Guides, several people commented that they would like to see a smaller pocket-sized version one they could carry in their purse, handbag, or car. Those requests have now resulted in this condensed edition, where you'll find all the spirit animals from the original edition plus some new ones in a format that makes it even more user-friendly. Just as our ancestors and indigenous peoples knew, when an animal comes to you in an unusual way or repeatedly, whether in physical or symbolic form, they are serving as spirit guides attempting to get a message to you. This convenient pocket guide will help you understand and discern these messages whenever this occurs by offering several possible interpretations for the animal you encounter. This is a book that you will enjoy and find useful for many years to come.
