

Locked Inside

As the orphaned daughter of a wildly successful inspirational singer/author, Marnie Skyedottir stands to inherit great wealth. But until then, Marnie has to survive a dreary life in private school. She endures by escaping into an online role-playing game as much as possible and steering clear of the other students. So when Marnie is kidnapped by someone who also claims to be Skye's daughter, she is worried. With her reclusive tendencies, will anyone even know she's gone? And will her online gaming skills be of any help to her in this real-life drama?
