

Shiver

Author note: Please be aware, this story is a gay romance, not my typical menage. Josh Arlin, ranch owner and hard-core, quiet alpha cowboy had spent his entire life denying his true desires. When two men from his past, Tray and Mitch, show up at the ranch, Josh finds it harder and harder to keep up the ruse. But their visit isn't all roses. The man who tormented and raped them as teenagers isn't dead like they were told. He's back, he's watching, and he's determined to get revenge against the only three boys to get away. Josh is now a man capable of taking care of himself, and he's determined to see the man pay. Tray and Josh have no choice but to follow and make sure he doesn't get himself killed facing down the monster. Revenge soon becomes a backseat to the growing lust Josh feels for Tray. But before they even realize what happened, the hunters become the hunted and lives hang in the balance, as well as the growing feelings between Josh and the man Tray has become.
