

Sojourn: Karma, Reincarnation, and the Evolution of the Soul

Through past-life stories, *Sojourn* illustrates how karma and reincarnation work, and how the soul delivers lessons, heals psychological wounds, and develops talents over the course of our many lifetimes. *Sojourn* also describes the stages of evolution and the unique perceptions, lessons, and contributions of each stage, and how soul age affects how we parent, what we enjoy doing, our choice of work, and our relationships. The stories and information were given to Gina Lake in 1997 by her inner teacher.
