

## Tao of Truth: The Wheel of Life through War and Peace (Tao of Life) (Volume 1)

This book is part of a series entitled Tao of Life, which includes 4 books: Tao of Truth, Tao of Christ, Tao of God and Tao to Enlightenment. The series divides in four books in order to promote a better understanding on the topics described, which are all interconnected throughout the theories described in each of them. These are not books for weak minds or for a faithful believer in any religion and its dogmas, but for an individual seeking for true Gnosticism and enlightenment within a normal life in a material world. Without promoting any specific form of interpretation, the philosophic principles help in the understanding of what true spirituality is and how it has been lost every time a prophet tried to recover it. This is the knowledge that allows anyone to prepare himself to ascend to a new reality where life is based on honesty and compassion, not anger and resentment. While its perspective may offend many self-convinced minds, it also provides a truthful insight to the purpose of dreams, individuality and conscious manifestations trough inspired actions. Its a series of books for those that want to be awoken, not for those that fight back to keep sleeping in a delusional reality! The knowledge here presented will break your concept of reality with all its illusions into pieces; as any medicine would say in its prescription: Therere secondary effects to be expected! How far are you willing to go?
