

The Cost: My Life on a Terrorist Hit List

Born into a prominent Shia Muslim family in Pakistan, Ali had it all - prestige, security, wealth, social status. The Cost is the extraordinary story of his dramatic encounter with Jesus that would change everything. That life-altering choice to follow Jesus would turn Ali from a typical teenager into a target of a terrorist organization based in his hometown - a target they would soon act on. The Cost is the riveting and remarkable journey of a young man who left everything behind to follow the one thing he knew to be true. Through excommunication from his home and family, near-death experience, a miraculous healing, and a cross-continental chase for his life, Alis faith sustained him while also compelling him to bring the gospel to Muslims - no matter the cost. This modern epic is a must-listen for anyone who wants to be informed about the state of Christian-Muslim relations today and inspired by just how much a single light in the darkness can make a difference.
