Can Men Really Be This Stupid With Women? --> Are You Accidentally Doing Stupid Sh\*t That Pisses Women Off? There is an old saying that goes women are crazy, but men are stupid. And while that may be true, it doesnt quite cover how stupid some men can be when it comes to women...so stupid in fact, you fall down laughing when you read about it. Yet these men didnt set out to do something stupid with women. They are not stupid people. In fact, many of them are smart men, and if youd asked them if they would ever do what they would eventually do, they would laugh and say hell no. But, they did it anyways, and killed the attraction with a woman who, up until that moment, was quite interested. My name is John Alanis, and for the past 8 years Ive run a rather unique business, showing men how to attract the women and get girls they really want. The first thing I teach every man is to eliminate the attraction killing mistakes they dont know (or think) theyre making. And most men make a ton of them. Awhile back, I published a book called Stupid Sh\*t Men Do That Pisses Women Off, a compilation of humorous stories sent in by women. Once that book was published, I started to receive more and more of them...apparently there is a never ending supply of stupid men who do stupid things with women. So, to that end, I have published an even funnier sequel called: Son of Stupid Sh\*t Men Do That Pisses Women Off! Here are some of the hilarious stories about stupid men: --> He Blew His Nose Like it Was a Trumpet --> His humor was boorish with the sensitivity of a sledgehammer. --> I Love You... Whats Your Name...(dumb questions) --> I Didnt Realize an Adonis Would be Such an A-hole! --> Can You Make Sure You Eat Your Half? --> It Took EVERYTHING in My Power not to Upchuck Then. --> To Think Im Lying to You About My Brother? --> So What

College Did You Say You Attended? --> This Place is Making Me Sneeze --> Yeah, Boys Will Be Boys, But... --> Have You Noticed Im Completely Naked? ...and much, much more. Yes, youll laugh at other men and their dumb mistakes, and stupid things people say, but youll learn what not to do when it comes to women, and that might just save or make a relationship. It will certainly help you get along with women, never asking dumb questions. To own this book is easy just click the orange buy button right now, and its yours. Yes, you can laugh at other men, but you might just discover a few things that will keep you from crying about women, a few things that may just let you succeed with the woman you really want, even get your ex back.
