

## Will Power! A Biography Of Will Smith

Hip, flip and smart as a whip, Will Smith is living the American dream -- but it didn't come easily and it wasn't free. Turning down a scholarship to M.I.T. in order to pursue his music career, he rapped his way to Grammy-winning fame and fortune before he could vote. He talked his way into a TV series before his 21st birthday. And then, he got serious -- as in a seriously successful, stereotype-smashing, big-screen star.
