

Inside Windows 10 - A Buying Guide: Introduction to the Windows 10

The eBook is about the features and enhancements Microsoft has made to its newest arsenal of OS - Windows 10. You will find a summary of articles of various websites written for 10 and they give you insight into the developing mode. Where to find the download links for 10? There are 23 different features which are likely to be present in the final version? The pricing scheme and the release date are also included. If you are a newbie, you will love the presentation of the features. If you are a gamer, you will love the video links to YouTube videos, where performance tests on Windows 7, 8 and 10 are compared. If you are a security expert, you will like the summary of the story of the related features. Some things which were removed in Windows 8 are gaining back in Windows 10. Some images show the usefulness of the new Start Menu. You can get download links to the original version on Microsoft website. This is only a Technical preview. The release date and pricing model are all mentioned in this book. If Microsoft decides to offer a price for this product, than this premature bible will help you decide whether to buy Windows 10 or not?
